Two blue chips tumble

NEW YORK (AP) - Two of the nation's most widely held stocks took a pounding Thursday, but the rest of the market held steady in a mixed session. International Business Machines and Philip Morris, each a core holding in the portfolios of more than 1,000 investing institutions, became the latest Wall Street casualties of earnings disappointments. The Dow Jones average of 30 industrials dropped 20.80 points to 3,174.68. Advancing issues outnumbered declines by about 12 to 11 on the New York Stock Exchange, with 881 up, 817 down and 641 unchanged. Big Board volume came to an estimated 297 million shares as of 4 p.m. EDT, up from 175.44 million in the previous session. IBM stock fell 5% to 72 1/2, trading at new 10-year lows after the company reported third-quarter operating earnings, before a big special charge, of 15 cents a share, down from 31 cents a share in the corresponding period last year.

"The recession has indeed exacted a high cost in terms of these social pathologies," wrote Mary
